Appendix 4 COREQ Checklist

## COREQ (COnsolidated criteria for REporting Qualitative research) Checklist

A checklist of items that should be included in reports of qualitative research. You must report the page number in your manuscript where you consider each of the items listed in this checklist. If you have not included this information, either revise your manuscript accordingly before submitting or note N/A.

Domain 1: Research team and reflexivity  Personal characteristics  Interviewer ficialitator  Interviewer ficialitator  Personal reflexivity  Personal characteristics  Interviewer ficialitator  Intervi	Topic	Item No.	Guide Questions/Description	Repo	rted on	
### A Personal characteristics   Personal characteristics   Section   Sectio					e No.	
Personal characteristics   The vision of the interviewer/facilitator   The vision of	Domain 1: Research team					
Interviewer/facilitator 1 Which author/s conducted the interview or focus group?  Credentials 2 What were the researcher's credentials 7 E.g. PhD, MD  Machine of the study?  Research Accordance					GN 1	
Credentials   2   What were the researcher's credentials? E.g., PhD, MD   Male   Cocupation   3   What was their occupation at the time of the study?   Research Assistant   Course					B.A.	
Occupation   3   What was their occupation at the time of the study?   Research   Radio   Course   Course   Course   Reported and training   5   What experience or training did the researcher have?	Interviewer/facilitator	1	- :			
Occupation 3 What was their occupation at the time of the study? Research Assistant Assistant Page 1	Credentials	2	What were the researcher's credentials? E.g. PhD, MD		Male	
Scherience and training 5 What experience or training did the researcher have?  Relationship with participants (MURTI) No 5  Relationship established 6 Was a relationship established prior to study commencement?  Participant knowledge of 7 What did the participants know about the researcher? e.g. personal goals, reasons for doing the research the interviewer agoals, reasons for doing the research to pic e.g. Blas, assumptions, reasons and interests in the research topic  Domain 2: Study design Theoretical framework  Methodological orientation and Theory content about the interviewer and interviewer	Occupation	3	What was their occupation at the time of the study?	Researc	h Assistar	nt
Relationship with participants (MURTI)	Gender	4	Was the researcher male or female?		Cours	<b>9</b> *
Relationship established 6 Was a relationship established prior to study commencement?  Participant knowledge of 7 What did the participants know about the researcher? e.g. personal goals, reasons for doing the research Interviewer characteristics 8 What characteristics were reported about the interviewer/facilitator? e.g. Bias, assumptions, reasons and interests in the research topic  Domain 2: Study design  Theoretical framework  Methodological orientation 9 What methodological orientation was stated to underpin the study? e.g. grounded theory, discourse analysis, ethnography, phenomenology, content analysis  Participant selection  Sampling 10 How were participants selected? e.g. purposive, convenience, consecutive, snowball 6  Method of approach 11 How were participants approached? e.g. face-to-face, telephone, mail, email 5  Sample size 12 How many participants were in the study? 7  Setting of data collection 14 Where was the data collected? e.g. home, clinic, workplace 7  Presence of non- 15 Was anyone else present besides the participants and researchers? 6  Description of sample 16 What are the important characteristics of the sample? e.g. demographic data, date 7  Description of sample 17 Were questions, prompts, guides provided by the authors? Was it pilot tested?  Repeat interviews 18 Were repeat inter views carried out? If yes, how many? Yes 6  Audio/visual recording 19 Did the research use audio or visual recording to collect the data? Field notes 20 Were field notes made during and/or after the inter view or focus group? Yes 6  Data saturation 22 Was data saturation discussed? No  Transcripts returned 23 Were transcripts returned to participants for comment and/or	Experience and training	5	What experience or training did the researcher have?			
Relationship established 6 Was a relationship established prior to study commencement? Domain 3: analysis and			3: pag	2.6
findings			o. pag	- 0
Data analysis			6	
Number of data coders	24	How many data coders coded the data?	Ů	
Description of the coding	25	Did authors provide a description of the coding tree?	Data, (	3
tree			Dedoo	se 7
Derivation of themes	26	Were themes identified in advance or derived from the data?	No	
Software	27	What software, if applicable, was used to manage the data?		
Participant checking	28	Did participants provide feedback on the findings?		
Reporting			Yes, a	ge/sex
Quotations presented	29	Were participant quotations presented to illustrate the themes/findings?		
		Was each quotation identified? e.g. participant number	Yes	
Data and findings consistent	30	Was there consistency between the data presented and the findings?	Yes 8	
Clarity of major themes	31	Were major themes clearly presented in the findings?	Yes 8-	14
Clarity of minor themes	32	Is there a description of diverse cases or discussion of minor themes?	Ĺ	

Developed from: Tong A, Sainsbury P, Craig J. Consolidated criteria for reporting qualitative research (COREQ): a 32-item checklist for interviews and focus groups. *International Journal for Quality in Health Care*. 2007. Volume 19, Number 6: pp. 349 – 357

Once you have completed this checklist, please save a copy and upload it as part of your submission. DO NOT include this checklist as part of the main manuscript document. It must be uploaded as a separate file.
