

CLINICAL ASSESSMENT

1. Donning Personal Protective Equipment (PPE)

HETI Online Code: OHS14027

Name: _____ Designation / Position: _____ Employee No. _____

Department/ward: _____ Cost Centre No: _____

(tick appropriate column)

Indicator	Performance Criteria	Performed	Not Performed
1. Skin integrity checked	Visually checks hands. Covers cuts/abrasions with waterproof occlusive dressing if necessary.		
2. Items, that interfere with effective hand hygiene (e.g. rings, watch, bracelet), removed	Removes items that may become contaminated and cause cross infection.		
3. Hand hygiene performed (Routine)	Performs a 10 – 15 second hand wash using appropriate hand washing solution, either: antimicrobial; or non-antimicrobial liquid soap, <u>or</u> Applies alcohol based, water free skin cleanser all over clean, dry hands and rubs vigorously until dry.		
4. Disposable protective gown/apron put on	Opens gown/apron ensuring it does not touch any surfaces such as floor or wall. Places gown/apron on with opening to the back. Wraps gown/apron around back. Ensures all tapes/ties are secured safely.		
5. Appropriate mask or respirator, e.g.: Surgical mask; P2 mask, put on	Examines mask for defects. Slightly bends nose piece. Secure ties or elastic bands at middle of head and neck. Fits flexible band to nose bridge. Fits snug to face and below chin. Fit checks mask/respirator.		
6. Protective eyewear put on	Places goggles or face shield over face and eyes and adjusts to fit.		
7. Gloves donned	Gloves go on with ease. Glove size and fit is appropriate. Glove cuffs cover gown cuffs.		
8. PPE checked	Checks PPE in mirror, <u>or</u> Asks colleague to check PPE.

CLINICAL ASSESSMENT

2. Removing Personal Protective Equipment (PPE)

Name:

Designation / Position:

Employee No.

Department/ward:

Cost Centre No

(tick appropriate column)

Indicator	Performance Criteria	Performed	Not Performed
1. Gloves removed	Grasps outside of glove with opposite gloved hand and peels off. Holds removed glove in gloved hand. Slides fingers of un-gloved hand under remaining glove at wrist. Peels glove off over first glove. Discards gloves in waste.		
2. Hand hygiene performed after removing gloves	Performs a 10 – 15 second hand wash using appropriate hand washing solution, either: antimicrobial; or non-antimicrobial liquid soap, <u>or</u> Applies alcohol based, water free skin cleanser all over clean, dry hands and rubs vigorously until dry.		
3. Protective eyewear removed	Handles by the head band or ear pieces. Places reusable eyewear in designated receptacle for cleaning or discards disposable eyewear into waste container for disposal.		
4. Disposable protective gown/apron removed	Unfastens ties. Pulls away from neck or shoulders, touching inside of gown only. Turns gown inside out. Folds or rolls slowly into a bundle and discard into designated waste container.		
9. Appropriate mask or respirator, e.g.: Surgical mask; 5. P2 mask, removed	Removes by touching tapes or ties only. Discards in designated waste container.		
6. Hand hygiene performed following removal of all PPE	Performs a 10 – 15 second hand wash using appropriate hand washing solution, either: antimicrobial; or non-antimicrobial liquid soap, <u>or</u> Applies alcohol based, water free skin cleanser all over clean, dry hands and rubs vigorously until dry.
