Correction: Systematic review and meta-analysis to examine intrapartum interventions, and maternal and neonatal outcomes following immersion in water during labour and waterbirth

The authors want to alert the readers to the below errors in table 2 and reference 47:

In table 2, an error was noted for maternal parity in column 1 ‘Excludes Multiparous’ where all but three of the ‘Yes’ entries were incorrectly reported. These have been amended to ‘No’ to indicate the studies that included nullipara and multipara. Additional maternal parity-related amendments include a change from ‘no’ to ‘yes’ for Liu\(^46\) which only included nullipara, like-wise for Theoni\(^59\), and from ‘no’ to n.d. for Ziolkowski\(^65\). (not described - see table footnote)
