Yiengprugsawan V, Berecki-Gisolf J, Bain C, *et al.* Predictors of injury mortality: findings from a large national cohort in Thailand. *BMJ Open* 2014;4:e004668. There was an error introduced into table 1 during the production process. The subheading 'Divorced/Widowed' should have been included. In addition, there were errors in the formatting. The corrected table is below.
