De Simoni A, Shanks A, Balasooriya-Smeekens C, *et al.* Stroke survivors and their families receive information and support on an individual basis from an online forum: descriptive analysis of a population of 2348 patients and qualitative study of a sample of participants. *BMJ Open* 2016;6:e010501. In the last section of table 2 of this paper ('Third party users' – 'Female carers') the first number in the top left should read '473' (not '73').
