Is the case definition adequate/Representativeness of the exposed cohort
Representativeness of the cases/ Selection of the non exposed cohort
Selection of Controls/Ascertainment of exposure
Definition of Controls/Demonstration that outcome of interest was not present at start of study
select the most important factor
select any additional factor
Ascertainment of exposure/Assessment of outcome
Same method of ascertainment for cases and controls/Was follow-up long enough for outcomes to occur
Non-Response rate/Adequacy of follow up of cohorts
