Depression Option Grid: Interview Guide

Participant unique ID:  Date:  Time:  Interviewer initials:

- Can you describe in your own words the purpose of the grid?

- What is your overall impression of the grid? (layout of information, ease of use, complexity etc.)

- Based upon the information in the grid can you describe in a sentence:
  - What each of the approaches is about?
  - Is there one approach that is more effective than another? (Do the diagrams make sense)
  - How long before someone might feel better?
  - Can you receive more than one of these options?

- Do the questions and information presented make sense? (This may be answered above)

**In the very unlikely event that you are concerned an interviewee might self-harm, please indicate to the interviewee that you would like to forward the call to an expert from Lifeline. If they choose not too, please offer them the Lifeline number **
• Is there anything in the grid that you find confusing or poorly worded? (You can ask if there is anything else if they have identified confusing parts of the grid already)

• How would you reword things that you find unclear in the grid? (How would you say them in your own words)

• Are there other questions that you feel would be important to include?

• How helpful do you feel this grid would be in helping someone make a decision about his or her care?

• What can we do to make this grid more helpful?

• When would this best be given to the individual? Before the visit, during the visit with their clinician, at home, both?
