Correction: Training non-physician anaesthetists in sub-Saharan Africa: a qualitative investigation of providers' perspectives

Edgcombe H, Baxter LS, Kudsk-Iversen S, *et al.* Training non-physician anaesthetists in sub-Saharan Africa: a qualitative investigation of providers' perspectives *BMJ Open* 2019;**9**:e026218. doi: 10.1136/bmjopen-2018-026218

This article was previously published with an error.

The correct details in introductory section about Sierra Leone is:

- The nurse anaesthesia training started in 2001.
- The training was UNFPA-led, not linked with MSF.

UNFPA now means United Nations Population Fund. It originally stood for population activities, but this was changed 20 years or so without changing the acronym.
