SURVEY ABOUT RELATIONSHIPS, LOVE AND SEXUALITY

Thank you for helping us with this study.

Do not put your name on this survey. By answering this anonymous survey, you will help us know the youth's opinion on relationships, love and sexuality.

This survey is **not an exam**. We shall not grade you. So we encourage you to be as sincere as possible in your answers.

This same questionnaire is also being used in other countries around the world, possibly with cultures different from yours. Thus, some questions may seem strange to you, but nevertheless make an effort to answer them.

Once you have finished answering all questions, place the survey in the envelope provided, and hand this over to us. Remember that since your name is not indicated, the researchers will not know which questionnaire is yours.

How to answer the survey

Each question has several possible answers. Check **only one box** per question (unless stated otherwise). If you find it difficult to choose one, check the one that most suits your opinion or your habits.

If you feel uncomfortable with a given question, do not worry, you may leave it blank.

Thanks a lot for your collaboration!
