| Please begin by telling me how the treatment of your heart disease has      | - Which doctors have you seen meanwhile, e.g. general practitioner (GP)/ cardiologist?  
| progressed after our last conversation.                                     | - Have you been in a rehabilitation clinic or do you attend a heart training group?  
|                                                                               | - What exactly has been done by each of the physicians (GP, cardiologist, hospital, rehabilitation)?  
|                                                                               |   - Which tasks of medical care have been taken care of by which doctor?  
|                                                                               |   - Who prescribes you heart drugs?  
| What positive and negative experiences have you made, concerning the        | - Can you think of any other experiences you have had with the GP/ cardiologist/ rehabilitation clinic?  
| treatment and care you have received?                                       | - Was there anything you were particularly satisfied or not satisfied with?  
|                                                                               | - How does the cooperation between GP, specialists and the doctors at the hospital work?  
|                                                                               | - Have you experienced any problems with the postoperative management and any further treatment after you have been discharged from hospital?  
|                                                                               |   - Have you had to actively arrange yourself to the further treatment?  
|                                                                               |   - Have you ever changed your GP or cardiologist and what have been the particular reasons?  
| Last time we talked about your expectations of your medical care – to what  | - Have your expectations changed during the course of treatment?  
| extend were they fulfilled?                                                  |                                                                                                                                                                                  |
| What kind of influence does your heart disease have on your everyday life?  | - What kind of heart disease/s do you have?  
|                                                                               | - How far is your everyday life constrained by your heart disease, and which tasks can´t be managed by yourself anymore?  
|                                                                               | - Who assists you in coping with the disease?  
|                                                                               | - What do you personally contribute to a better health?  
| What will happen next?                                                       | - What hopes do you have for your future health?  
|                                                                               | - Is there something else you would like to tell me?  

**Questions aimed at maintaining the conversational flow:**

- Please tell me exactly how things went with...
- Could you perhaps give me a few more details?
- What happened next? / And after that?
- What else comes into your mind?
- What do you associate with ...?
