

**Extension of CONSORT for abstracts to reports of cluster randomised trials**

<b>Item</b>	<b>Extension for cluster trials</b>	<b>Reported on line number</b>
Title	Identification of study as cluster randomised	2-3
Trial design	Title	2-4
Methods		
Participants	Eligibility criteria for clusters	6
Interventions		
Objective	Whether objective or hypothesis pertains to the cluster level, the individual participant level or both	3-4
Outcome	Whether the primary outcome pertains to the cluster level, the individual participant level or both	9-11
Randomization	How clusters were allocated to interventions	8-9
Blinding (masking)		Not available
Results		
Numbers randomized	Number of clusters randomized to each group	Not available
Recruitment		
Numbers analysed	Number of clusters analysed in each group (Not available).	9
Outcome	Results at the cluster or individual participant level as applicable for each primary outcome	Not available
Harms		Not available
Conclusions		Not available
Trial registration		27
Funding		Not available
