Table S1. List of excluded studies after full text screening

<table>
<thead>
<tr>
<th>First author, publication year</th>
<th>Title</th>
<th>Study design</th>
<th>Specific reason for exclusion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bacigalupe, 2014</td>
<td>The impact of economic crises on social inequalities in health: what do we know so far?</td>
<td>Commentary</td>
<td>Not a systematic or narrative review.</td>
</tr>
<tr>
<td>Christian, 2010</td>
<td>Impact of the economic crisis and increase in food prices on child mortality: exploring nutritional pathways</td>
<td>Original article</td>
<td>Not a systematic or narrative review.</td>
</tr>
<tr>
<td>Claborn, 2020</td>
<td>A Narrative Review of the Role of Economic Crisis on Health and Healthcare Infrastructure in Three Disparate National Environments</td>
<td>Narrative review</td>
<td>Does not focus on the 2007/2008 financial crisis in Europe. Compares the collapse of three national economies from widely separated regions: Venezuela, Zimbabwe, and the countries of the former Soviet Union and the effect on Health and Healthcare Infrastructure</td>
</tr>
<tr>
<td>De Geoij, 2015</td>
<td>How economic crises affect alcohol consumption and alcohol-related health problems: A realist systematic review</td>
<td>Systematic review</td>
<td>Focuses on economic crises in general and discusses results and on outcomes across different crises and does not explicitly detangle results for the 2007/2008 financial crises.</td>
</tr>
<tr>
<td>Detsis, 2017</td>
<td>Factors Associated with HIV Testing and HIV Treatment Adherence: A Systematic Review</td>
<td>Systematic review</td>
<td>Mentions the 2007/2008 financial crisis but the focus of the analysis is rather on general socioeconomic factors and HIV diagnosis, and adherence to treatment than on the impact of the economic crisis on HIV diagnosis, and adherence to treatment</td>
</tr>
<tr>
<td>Downing, 2016</td>
<td>The health effects of the foreclosure crisis and unaffordable housing: A systematic review and explanation of evidence</td>
<td>Narrative Review</td>
<td>Focuses on the foreclosure crisis and unaffordable housing on health and not directly of consequences of the 2007/2008 economic crisis.</td>
</tr>
<tr>
<td>Falagas, 2009</td>
<td>Economic crises and mortality: a review of the literature</td>
<td>Systematic review</td>
<td>Does not focus on the 2007/2008 financial crisis</td>
</tr>
<tr>
<td>Fujihara, 2017</td>
<td>The effect of economic downturn on the volume of surgical procedures: A systematic review</td>
<td>Systematic review</td>
<td>Out of scope: focuses on surgical procedures and on planning for physician specialization and patient expectations</td>
</tr>
<tr>
<td>Karanikolos, 2013</td>
<td>Financial crisis, austerity, and health in Europe</td>
<td>Analysis paper</td>
<td>Not a systematic or narrative review</td>
</tr>
<tr>
<td>Karanikolos, 2016</td>
<td>Health inequalities after austerity in Greece</td>
<td>Commentary</td>
<td>Not a systematic or narrative review</td>
</tr>
<tr>
<td>Modrek, 2013</td>
<td>A review of health consequences of recessions internationally and a synthesis of the US response during the great recession</td>
<td>Review</td>
<td>Does not clearly separate between the impact of the 2007/2008 economic crisis and other recessions on health</td>
</tr>
<tr>
<td>Author</td>
<td>Title</td>
<td>Review Type</td>
<td>Notes</td>
</tr>
<tr>
<td>--------------------</td>
<td>----------------------------------------------------------------------</td>
<td>-------------</td>
<td>----------------------------------------------------------------------</td>
</tr>
<tr>
<td>Mosquera, 2017</td>
<td>The Impact of Fiscal Policies on Fiscal Policies on the Socioeconomic Determinants of Health: A Structured Review</td>
<td>Structured review</td>
<td>Does not emphasize on health outcomes but on the social determinants of health such as employment.</td>
</tr>
<tr>
<td>Sdona, 2020</td>
<td>Impact of economic crises on offspring health and the developmental origins of health and disease concept</td>
<td>Narrative review</td>
<td>Does not discuss the 2007/2008 global financial crisis, but crises in general</td>
</tr>
<tr>
<td>Stuckler, 2009</td>
<td>The health implications of financial crisis: a review of the evidence</td>
<td>Commentary</td>
<td>Not a systematic or narrative review</td>
</tr>
<tr>
<td>Tapia Granados, 2015</td>
<td>Health, economic crisis, and austerity: A comparison of Greece, Finland and Iceland</td>
<td>Original article</td>
<td>Not a systematic or narrative review. Authors analyzed data on life expectancy, mortality rates, incidence of infectious diseases, rates of vaccination, self-reported health and other measures to examine the evolution of population health.</td>
</tr>
<tr>
<td>Thompson, 2019</td>
<td>Studying the impact of the Eurozone’s Great Recession on health: Methodological choices and challenges</td>
<td>Systematic review</td>
<td>Does not directly focus on health outcomes, but assesses the methodologies used to assess the impact of the Great Recession on health, and to what extent do these methodologies impact studies’ quality</td>
</tr>
<tr>
<td>Uutela, 2010</td>
<td>Economic crisis and mental health</td>
<td>Narrative review</td>
<td>Focuses on past crises including the Asian economic crises and does not exclusively focus on the 2007/2008 global financial crisis</td>
</tr>
<tr>
<td>Zivin, 2011</td>
<td>Economic downturns and population mental health: research findings, gaps, challenges and priorities</td>
<td>Narrative review</td>
<td>Focuses on past crises.</td>
</tr>
