INTRODUCTION
Good morning / afternoon / evening, my name is <<(INSERT)>> and I work for the independent research agency Ipsos MORI. We are carrying out a health research survey on behalf of Cancer Research UK and would like to invite you, or a member of your household, to take part.

This is a national survey of people from across England who are aged 50 or over and the survey is also being carried out in 7 other countries.

READ OUT ONLY IF ASKED: The participating countries are England, Northern Ireland, Wales, Norway, Sweden, Denmark, Australia and Canada.

READ OUT TO ALL: The results of the survey will be used to explore differences in people’s views about cancer across different countries and to help improve cancer information for the general public. It will also help doctors to diagnose cancer earlier.
